

Auchinleck War Memorial

The memorial stands in the grounds of the Parish Church. Towards the south end of the village turn off the A76 Kilmarnock to Dumfries road on to Churchill which is the B7036 road to Ochiltree.

It is a smooth limestone column topped by a cross and standing on a double circular base, the bottom part is broader than the upper. On the base are bronze plaques with letters in relief.

Around it are gardens and a grassy area. To the east is the Church and to the west is the Boswell Museum.
